**MANIFESTO***

I feel very privileged to have been elected as a Student Trustee for the past two terms. I have taken my role as a Student Trustee seriously and feel I owe it to my fellow students to continue the good work I was elected to do. I would like to show this continued commitment by standing for a further term.

I am aware of the charitable objects of the organisation and if re-elected I will work in partnership with the other Trustees to ensure the organisation remains student-led and seeks to add value and professionalism to the delivery of the organisation’s mission. It is important there is a healthy and productive relationship between the elected representatives and Central Executive Committee.

As a Trustee it is vital to ensure the Student Association meets its charitable objectives and that it remains compliant with its governing document and all relevant legislation and regulations. I have the training and experience to ensure this happens.

I have demonstrated my willingness to engage with other board members and work together, even when we do not agree it’s important to be open and honest. This is an integral part of being a Trustee. I am passionate about the Students Association and hope that if re-elected I will be able to continue the work I have been involved in for a further term.

**PLEDGES***

I will ensure the student voice is always at the heart of the Student Association. The students are the most important part of the Association and they must always be listened to.
