SLT will reflect on the journey of their Priority Areas over the past two years, considering how they started, where they shifted to actionable projects, what was done to achieve these and the impact this work had. Members of the SLT are invited to give final updates on where projects are being left come the end of their term.

2. STUDENT ISSUES – REFLECTION WORKSHOP (30 mins)

In this workshop attendees will reflect on the Student Issues SLT have come across during their term, reflecting on the challenges and opportunities they have encountered in relation to these. What lessons have been learned when trying to resolve student issues? What issues might come up in the future?

3. STUDENT ISSUES REPORTING TOOL (30 mins)

Discussion of at least 2 issues that students have raised via the reporting tool on the website.

If there is any remaining time after the agenda items, we will take the opportunity for some reflection time with the outgoing SLT members (incoming SLT members leave the room).
